Kongu Polytechnic College  
**Percentage:** 93%

**SSLC**  
A.E.T Matric Higher Secondary School 2019 - 2020  
**Percentage:** 69%

## PROJECTS

### Parlor Management

Developed a comprehensive Parlor Management System with appointment booking, staff scheduling, and service tracking features. Implemented a user-friendly ReactJS frontend with Tailwind CSS and a robust Express.js-PostgreSQL backend for smooth operations.

### E-Commerce Website for a Fashion Store

Developed a feature-rich E-Commerce Fashion Store with user and admin role-based access. Implemented secure backend functionality using Express.js and PostgreSQL for order management and inventory. Designed a visually appealing, responsive UI using ReactJS and Tailwind CSS for seamless shopping experience.

### Transport Management System

Developed an automated transport scheduling and tracking system with role-based access, real-time tracking, and reporting. Designed a responsive UI with React.js and Tailwind CSS, and built a secure backend using Spring Boot and Hibernate.
